Education Overview

- University of Illinois at Chicago Chicago, Illinois
MS in Computer Science, 3.3/4 GPA 2017-present
 - **Applicable Coursework:** Visual Data Science, Data Mining and Information Retrieval.
- Chitkara University Himachal Pradesh, India
B.E Computer Science and Engineering, 8.12/10 CGPA 2010-2014
 - **Applicable Coursework:** Algorithms, Data Structures and Object-Oriented Constructs.

Technical Skills

- **Programming Skills:** Java (JLS 1.8), Python, Scala, C++, HTML, CSS, JavaScript, SVG, D3, Three JS
- **Databases:** MySQL, SQL Server, Oracle, MS Access.
- **Design Tools:** IntelliJ IDEA, PyCharm, CLion, WebStorm, Eclipse, Microsoft Office Suite.

Work Experience

- Infosys Limited Hyderabad, India
Senior Software Engineer, Infosys Labs R&D June 2014 - July 2017
 - ✓ **Onsite Client:** Developed custom “web crawler” application for client’s mapping service using selenium drivers and Eclipse RCP which resulted in **25% Spike** of the onsite support team’s productivity via automation. Also implemented dynamic searching through hash-tables and ensuring data quality through debugging and writing test plans.
Won “SPOT” award at Infosys for the same due to the appreciation received from Delivery Manager.
 - ✓ **iDSS: Increased** Infosys Labs business/clients by **10%** through developing and adding Data Profiling and Cleansing functionality to the tool being developed. Also improved the application’s performance through combination of multi-threading, batching and load distribution.
